Neanderthal 1856-2006

edited by

Ralf W. Schmitz

with contributions by:

GEORGES BONANI, GÜNTER BRÄUER, THORSTEN M. BUZUG, CRISTIAN CAPELLI,
SUSANNE C. FEINE, URSULA FRANCKE, K. FELIX HILLGRUBER, JOSEF KLOSTERMANN,
HEIKE KRAINITZKI, MATTHIAS KRINGS, SUSANNE C. MÜNZEL,
MARIA OSTENDORF SMITH, SVANTE PÅÄBO, MARCIA S. PONCE DE LEÓN,
WOLFGANG RÄHLE, RALF W. SCHMITZ, MICHAEL SCHULTZ,
DAVID SERRE, FRED H. SMITH, FRANK TSCHENTSCHER, URSULA ZÄNGL,
CHRISTOPH R. E. ZOLLIKOGER
JÜRGEN KUNOW  Foreword

GABRIELE UELSBERG  Greeting

NICHOLAS J. CONARD  Greeting

RALF W. SCHMITZ  Acknowledgements

RALF W. SCHMITZ  The discovery of fossil man in the 18 and 19 Century

(Inaugural lecture at the Faculty of Geosciences at the University of Tübingen WS 2004 / 2005)

JOSEF KLOSTERMANN  The Neander Valley and the environment of the Neanderthals

RALF W. SCHMITZ  A romantic valley and a discovery that has changed the world

URSULA ZÄNGL  Hermann Schaaffhausen (1816-1893) and the Neanderthal finds of the 19 Century

RALF W. SCHMITZ  The rediscovery of the Sediments from the Neanderthal type specimen's site

SUSANNE C. FEINE  The Sediments containing finds from the caves Feldhofer Kirche and Kleine Feldhofer Grotte in the Neander Valley. Analysis of the secondary stratification using GoCAD

URSULA FRANCKE  Modern pottery and iron objects from the debris of the Feldhofer Grottos in the Neander Valley

WOLFGANG RÄHLE  Shell remains from the new excavations in the Neander Valley, Germany

SUSANNE C. FEINE  The Upper Palaeolithic stone artefacts from the rediscovered cave Sediments in the Neander Valley

K. FELIX HILLGRUBER  The Middle Palaeolithic stone artefacts from the site in the Neander Valley

SUSANNE C. FEINE and K. FELIX HILLGRUBER  The raw material of the Middle Palaeolithic and Gravettian stone artefacts from the 1997 and 2000 excavations in the Neander Valley

SUSANNE C. FEINE and RALF W. SCHMITZ  Three unusual cores from the rediscovered cave Sediments in the Neander Valley
Evidences for the use of faunal resources in the recovered materials from the rediscovered cave sediments in the Neander Valley

Heike Krainitzki

Status of the Neanderthal type specimen remains after the recovery of the finds in 1856 to 1995

Fred H. Smith, Maria Ostendorf Smith and Ralf W. Schmitz

Human skeletal remains from the 1997 and 2000 excavations of cave deposits derived from Kleine Feldhofer Grotte in the Neander Valley, Germany

Thorsten M. Buzug

Computed Tomography - a tutorial for anthropologists

Christoph P. E. Zollikofer and Marcia S. Ponce de León

Digital Neanderthals: a view on the first decade of research

Michael Schultz

Results of the anatomical-palaeopathological investigations on the Neanderthal skeleton from Kleine Feldhofer Grotte (1856) including the new discoveries from 1997/2000

Ralf W. Schmitz

Preservation of ancient DNA in the bone material of the Neanderthal type specimen

Matthias Krings, Cristian Capelli and Frank Tschentscher

Human evolution: Questions from Neanderthal mtDNA control region sequences - What's next?

David Serre, Ralf W. Schmitz and Svante Pääbo

Genetic analyses of the Neanderthals from the Feldhofer Caves

Georges Bonani

Accelerator Mass Spectrometry (AMS) radiocarbon dating of Middle and Upper Palaeolithic samples from the Neander Valley, Germany
